All In Stitches Quilt Guild

Welcome to the 2023 Block of the Month (BOM)!

This document contains multiple options to make our BOM quilt:- Lap, twin and two versions of queen size. We have also included a scrappy version of lap, twin and queen to help those who might want to use more fabrics than the original versions.

All fabric requirements were computed by the Electric Quilt Software program, they have not been confirmed, but typically EQ is accurate. Please buy an extra 1/8 to 1/4 yard depending on your confidence in your accuracy (and ours).

If you are making the Queen with borders, please note that the fabric requirements are given as if the borders are pieced, not cut length wise. Often prints look better if they are all one strip for each side.

While we do not recommend making this quilt very scrappy, we have a scrappy version of each size to assist those who may want to play with different shades or textures to customize their design. The intention was to break the quilt down into areas to help estimate your fabric needs.
